

CHILD MENTAL HEALTH AWARENESS *FREE SEMINAR*

Celebrate May as Mental Health Month by inviting us to provide your organization or group a FREE seminar on Child Mental Health. Our 30- to 90-minute seminar provides a synopsis of contemporary mental health issues facing children and teens. Time can be set aside for questions and answers of a general nature. The seminar will be presented by clinical psychologists, **Drs. Brian & Hsinya Chichester**, and hosted by **Future Generations Diagnostic, Treatment & Evaluation Center**, a full-service psychology practice serving the mental health needs of children, teens, and young adults throughout the Inland Empire.
